See Coral's "Design Worksheet" for an easy-to-use, step-by-step guide to creating your heavy glass enclosure.

- From REAL to VISION
- 1 Select the configuration that matches your shower and take measurements.
  - 2 Choose door type (Bypass, Neo-Angle Swing, etc.).
  - 3 Select hardware system and style (Swing, Pivot, Square Edge, Rounded/Beveled Edge, etc.).
  - 4 etc.).
  - 5 Choose method of securing fixed panels (Clamps, U-Channels).
  - 6 Choose handle / towel bar.  
 Select glass type and hardware finish.

# VISION

Series by Coral

In the work of architect Mies van der Rohe, the "less is more" concept brought a new awareness to the design world. The clean, elegant simplicity of form, line, and planes were combined for a look previously unmatched. Now, that trend has reached the world of shower enclosures.

In our Vision Series of heavy glass enclosures, planes of 3/8" and 1/2" glass are combined with minimal metal, exemplifying the "less is more" concept and revealing the luxurious beauty of glass shower enclosures.

# VISION

*Throughout history, scores of great inventions, countless life changing advances, all began with a vision.*

*Now . . . your vision of an upscale, heavy glass shower enclosure, specially designed by you, is only steps away from reality.*

*Catch the vision of all a shower door can be! You imagine it . . . We build it!*

### . . . FOR THE HOMEOWNER

With Coral's Vision Series you make the design choices to create and develop a shower door which perfectly suits you! No more settling for "what they have to offer." Does the look of panels secured with clamps appeal to you, or do you prefer u-channels? Do you like the square edge hinges, or are the rounded / beveled edges more to your liking? Would you prefer clear or patterned glass? What about hardware finish? And handles, oh, the choices of handles!

The good news of having such choices is magnified with even more good news! We offer expert design assistance with every door to help guide you through the steps of the design process! So if the idea of having a multitude of choices is overwhelming to you, rest assured. You're not in a department store alone, left to your own resources to design a door. With Coral, you have the luxury of designing, while we provide the support to make those choices easy!

Catch the vision of all that a shower enclosure can be! Coral . . . where Visions become Reality!

### . . . FOR THE DEALER

For customers furnishing today's upscale baths, heavy glass enclosures have become an essential item. In response to this trend, we proudly offer our Vision Series of Heavy Glass Enclosures. Vision Series makes the heavy glass door business easy and efficient for you, while providing your customers the opportunity to design the "one-of-a-kind" shower door of their dreams!

- 3/8" - 1/2" Heavy Glass in many exclusive patterns
- Extensive selection of in-stock Hinges, Clamps and Channels
- Doors offered as complete packages with glass and hardware together, ready to install.
- Expert design assistance and timely delivery - a basic part of every job!
- Take field measurements and fax or e-mail them to us with your order.
- We will fax back a detailed layout with dimensions for confirmation.
- Door will be shipped to you as a complete package - - glass, hardware and all, ready to install!
- We even supply a fill-in-the-blank Design Work Sheet to help you in providing necessary information.
