EnduroShield

GLASS TREATMENT ON
CORAL SHOWER DOORS
AND GLASS PRODUCTS

As the protective product used on CleanShield treated glass, Coral supports a 10 year warranty by EnduroShield, product manufacturer, of the protective coating used on this glass.

EnduroShield is an invisible protective coating applied to glass that reduces cleaning time and eliminates the need to use harsh abrasive cleansers or toxic chemicals to maintain the pristine appearance of glass.

As the manufacturer of this protective coating, EnduroShield offers a 10 year warranty contingent upon registration by the end user of their product and compliance with the specified cleaning and maintenance requirements. Each shower enclosure treated with EnduroShield is identified with a label outlining care instructions as well as an activation code specific to that glass. All products must be registered with EnduroShield using this specific code to activate the warranty.

Warranties may be activated at www.enduroshieldusa.com/warranty.

For detailed cleaning and care instructions or warranty information, please visit enduroshieldusa.com. To file a warranty claim, please follow instructions below.

WARRANTY INFORMATION BY

EnduroShield

PCT Global LLC warrants that EnduroShield® will remain water repellent for a period of ten years from the date of the receipt provided by your dealer.

CONDITIONS - EnduroShield® must be applied and maintained as per the care instructions to validate and maintain the warranty.

** If, within the warranty period, you feel that your glass is no longer easy to clean, please send an email to serviceusa@enduroshield.com and provide a brief explanation of the problem along with your name, address, telephone number, date of installation and warranty code.*
