

300 Series Security Mullions

Cast aluminum brackets mount easily and allow simple removal of the mullion for full use of the opening.

Series 300 Security Mullions

The ultimate security partner for both 3700 Rim and 3600 Vertical Rod devices, these removable mullions are made from steel-reinforced aluminum. A simple removal system for easy in, easy out convenience and matching anodized finishes make them the right choice for pair-of-doors applications.

Easily cut for a perfect field fit, these mullions come with heavy duty strikes and are available in sizes up to 9 feet.

Color matched security clips provide an added level of security overcoming the natural twisting of the door stile under pressure.
